

Leave XM Radio alone! I travel 125,000 miles a year over the road. With XM's road and weather reports, I know of a bad situation BEFORE I get in that city. I can then re-route my truck to avoid it. AM & FM radio does not like that 400 miles away.....XM Does!

Under the new rules I have to now drive 11 hours instead of 10. XM Radio keeps all going that extra hour out here, and now you want to mess with it? LEAVE US AND OUR XM RADIO REPORTS ALONE and worry about our homeland security!
